Recommendation from University Safety and Environmental Committee to Charge Departments the Cost of Identifying and Disposing of Unknown Materials and/or Wastes -
Jim Cobb

Mr. Cobb said the University Safety and Environmental Committee is requesting that approval be given to charge departments the cost of identifying and disposing of unknown materials and/or wastes. He said a year ago they had requested that an item be added to the exit interview checklist to include a provision for the inspection of employee work areas, laboratories, storerooms, etc., if the employee has used or generated materials, hazardous chemicals, and/or hazardous waste to ensure that these items are properly labeled, capped, and stored. He said this is working well and the committee would like more help to charge departments for submitting unknown materials for disposal. This charge process would be effective July 1, 1998. Dr. Ballal MOVED approval of the recommendation with Mr. Boucher SECONDING. When asked about cost, Mr. Cobb said he feels current cost would be less than \$100 each item. After considerable discussion concerning this matter, Dr. Schrader MOVED to TABLE the
