Approved the Agenda as Distributed.

Approved the Minutes of March 31, 1999 as Distributed.

Approved Recommendation from Buildings and Grounds Concerning Placement of

Administrative Council Minutes  
September 8, 1999 - Page 2

Plaques of James Seay Brown and Wallace Prescott and amended the Recommendation to Add any Other Buildings to this Recommendation as Funds are Available.

#### Proceedings

Dr. Dale Wilson called the meeting to order at 3:00. He welcomed everyone for the Fall Semester, 1999 and said he hopes for a great year. Introductions were made, and Dr. Wilson called attention to the composition of the Administrative Council membership saying that procedures for the Council were changed during the March 31, 1999 meeting so that all members will be voting members and that support and staff members have been added to the membership from approval by the Council at the October 7, 1998 meeting.

Dr. Wilson said Dr. Evans Brown, the previous Chair of the Administrative Council, will have a moderated schedule this semester due to illness, so Dr. Linda Giesbrecht-Bettoli will be taking his place on the Council for the 1999-2000 year.

#### Approval of the Agenda

Dr. Cho MOVED approval of the Agenda with Dr. Schrader SECONDING. MOTION CARRIED.

#### Approval of the Minutes of March 31, 1999

Dr. Schrader MOVED approval of the Minutes of March 31, 1999 with Dr. Cupp SECONDING. MOTION CARRIED.

Informational Item - Recommendation from Buildings and Grounds Concerning Placement of Plaques of James Seay Brown and Wallace Prescott - Dr. Volpe

Dr. Volpe said he tentatively approved this recommendation from Buildings and Grounds which was received this summer. The plaques would be like the one honoring President Emeritus Arliss Roaden in the University Center. The plaques would be ordered and installed by Facilities personnel with Engineering providing the funding for these two plaques. Dr. Cho MOVED the motion and added an amendment to include that plaques could be placed in any building named for a person as funds are available. He specifically
