### 1) The structure and content of the course

- The course is a 12-week, 12-credit program that is designed to provide students with a comprehensive understanding of the field of education.
- The course is divided into three main areas of study:
  - **Foundational Knowledge:** This area focuses on the history, philosophy, and research in education.
  - **Professional Skills:** This area focuses on the development of the skills and competencies necessary for the teaching profession.
  - **Practical Experience:** This area focuses on the application of knowledge and skills in a real-world setting through a student teaching experience.

### 2) Objectives

- The primary objective of the course is to prepare students for the teaching profession by providing them with the knowledge, skills, and attitudes necessary for success in the classroom.
- The course also aims to develop students' critical thinking, communication, and problem-solving skills, which are essential for the teaching profession.

• The course is designed to be a comprehensive and rigorous program that will prepare students for the challenges of the teaching profession.

### 3) The course is designed to be a comprehensive and rigorous program that will prepare students for the challenges of the teaching profession.
