

After you view the portfolio details and understand what is required, you can begin attaching your artifacts. Under each tab in the portfolio, you will see placeholders to attach all task parts.

To upload documents and attach to your edTPA portfolio:

1. Click on  next to each sub-task, as shown in Figure 3

2. Click on _____ to search for files located on your computer for each respective sub-task. Alternatively, in _____ you will notice that you can select files located on your co

Notes:

When you name your files, there are no required file naming conventions;
