

## Kinslow Engineering Research Award Nomination

The Kinslow Engineering Research Award is given annually for the best paper written by a TTU engineering faculty member and published in a referred professional journal during October 1, 2013 – September 30, 2014. Nominees must be the principal author. The selection criteria include both research innovation and research applicability. [% P o \] u \] š •](#)

NOMINATIONS ARE DUE ~~D~~ ~~í~~ ~~Œ~~ ~~š~~ ~~Z~~.

\_\_\_\_\_

(Attach a copy of the publication.)

A nominator may nominate only one candidate and a single paper by that candidate. Self-nominations will not be accepted. In the case of multiple authors, the nominator, in consultation with the authors, shall declare the principal author, contribution of each author and their role. Nominators should comment on the quality of the journal that has published the paper. The nominator should also clearly identify the impact of the research presented in the paper.

Any full-time TTU CoE faculty member is eligible to be nominated for an authored paper published during the designated period. The evaluation criteria for this award will include: research innovation, research applicability, and potential impact of the research conducted at TTU, the quality of the paper, and the reputation of the journal.
