

*Effective Date: Spring 2024*

The Computer Science (CS) graduate program offers a **Masters in Computer Science (MSCS)**. The MS program has three options: *thesis*, *project*, or *courses-only*. Each MS student must take a *comprehensive exam* that covers his or her core coursework and area of specialization (i.e., depth). The student will have an *Advisory Committee* comprised of at least three members. The chair of the committee must be a CS graduate faculty member, at least two members (including the chair) must also be from the CS department, and the third member can be
