Mission - Our enduring purpose Vision - Our aspiration Core Principles – Our ideals Strategic Goals - Our strategic goals that will help realize our vision Priority Actions - Our near-term actions to advance our strategic goals Tactics - Our steps to achieve the priori tcomes Metrics – Measures of progress Strategic Metrics – 3 to II enable measurement of progress over time o Action Metrics – g nd the realization of the intended Mission: Tennessee's technological university advances and applies knowledge to expand individual opportunity and economic competitiveness. As a STEM-infused, comprehensive

Goal I

ļ

Education for Life - Tennessee Tech provides education that unleashes the potential and passion within our students and prepares them for successful careers and culturally enriched lives. TTU also provides educational opportunities, programs, credentials and degrees to fuel the lifelong learning necessary for enduring achievement.

- A. Priority Action: Incorporate multiple experiential learning opportunities in all undergraduate programs.
- B. Priority Action: Create a Tech-unique general education curriculum to provide the foundation for technologically adept, analytically capable, career-ready graduates.
