

UNIT REPORT

**Civil and Environmental
Engineering MS - Final Annual
Report**

Generated: 9/11/18, 10:33 AM

Definition of Unit: Civil and Environmental Engineering

Start: 07/01/2013

Program Goal 2: Graduates of the M.S. program will have the skills to undertake technically sound analysis independently and present their work at professional meetings

Rationale:

- **Publications (peer-reviewed and conference) and presentations**

A critical element of the process for facilitating a students' development in independent thinking is the requirement that each student work on a research project of real
