**3. PROJECT DESCRIPTION:** This section is most important, and can be prepared on additional pages. There are no page limitations, but be efficient and concise, an overly long proposal doesn't help the reviewers.

The Project Description consists of the following sections:

- x **Introduction/Background** (include your main research question and creative outcome, use supporting citations)
- x **Proposed plan**, with preliminary results if possible.
- x **TEAM Roles.** Define the role of the faculty advisor(s), and the role of every team member:
- x **Budget justification.**
- x **Dissemination of results.** 'HVFULEH KRZ WKH SURMHFW DGYDQFHV FXU  
VWXGHQWV ILHOG RI VWXG\ HOXFLGDWH LWV YDOXH DQG  
UHVHDFK DQG LI VR ZKHUH" 2U ZLOO WKH\ DWWHPSW WR

**NOTE: This description must be written to an educated lay audience.  
The review committee will not necessarily contain a member from your field.**

**Project ABSTRACT:**

**URECA! TEAM-**

## Human Subjects

<http://www.tntech.edu/research/hs-guidelines/>

1. Does the research proposed in this application involve the use of human subjects (INCLUDING use of de-identified data or specimens of human origin)?  
 No. (Review by the TTU Institutional Review Board is NOT required. **Do not answer Question 2 in Safety Training.**)  
 Yes. (Review by TTU Institutional Review Board is required. **Continue with Question 2 in Safety Training.**)

Include in the URECA! application your IACUC and/or IRB application(s) and/or approvals letter.  
Note: No funding will be given prior to the receipt of the necessary approval, but applications will still be accepted.

## Safety Training

1. Have students completed all appropriate required TTU safety training?  
 Yes (Answer question 2)  
 No
2. Which TTU safety training(s) have been completed? List training title and date of completion. Note: TTU safety training(s) are required prior to the start of any project. These pages can be appended to the end of this proposal.

### 5. HEALTH and SAFETY

Consider your project from start to finish. What health and safety related issues are involved with the work students will perform? What precautions will be taken to minimize the risks? Be sure to include information about wastes generated, hazards present in the research project, environmental protection, and precautions taken to protect yourself and others around you. (250 word maximum)

[INSERT HEALTH/SAFETY/ETHICS STATEMENT for the TEAM 250 WORD MAXIMUM]

### 6. Ethics
